

# Quality Policy

TRATHO's Policy for QMS and EMS proposes:

- Enable the company to meet the expectations of its stakeholders;
- Always strive for excellence in your work and in building the institution's image;
- Strive for continuous improvement in order to prevent pollution, conserve natural resources, and mitigate environmental impacts;
- Comply with all laws, standards, and regulations.

Our company is committed to continuously raising awareness about the importance of quality and the environment, while meeting the expectations of our stakeholders.
